Editorial is talking to the Hakase Design which is very different from Seishun's Language. The way it's written is like a story. Asagiri is showing his new style, and he's also showing that he's not just a kid. He's actually trying to be a professional. That's what he's doing. He's not just a kid. He's actually trying to be a professional. That's what he's doing. He's not just a kid. He's actually trying to be a professional. That's what he's doing.

## To our dear readers,

The content of "See's hold hand" (by Kobayakawa Karen) which was published in the September issue of "Friends mini" was found to be resembling an unpublished storyboard of Yamano Hikari-shi, and after the editors questioned the concerned author, Kobayakawa-shi admitted that she borrowed Yamano-shi's storyboard without her permission. Therefore, we are going to cancel the Emerald Award from the Shining Star Award that was given to Kobayakawa-shi and her pro-debut as well. Friends Editorial Department expresses its deepest apology for all readers and announces that it will take preventive measures to avoid this in future.
